

## **REBUILDING TOGETHER SOUTH SOUND INCOME REQUIREMENTS**

Rebuilding Together South Sound works with homeowners who are elderly, disabled or families with children that are at or below 50% of Pierce County's median income as determined by HUD (please see below table).

In order to qualify for our services, the adjusted gross income of the ALL residents in the home is added together and must be below the amount in the table below, based on the number of people living in the home. For instance, a family of 4 must earn \$2,950/month or less in order to qualify. As another example, if a family of 4 had an aged parent move into the home and now need a wheelchair ramp, the salaries of the original 4 family members and the social security/retirement/pension income for the aged parent would be added together to determine if it was \$3,188 or below for a family of 5.
